

WHERE PERFECT CRAFT MEETS PERFECT DRAFT

HÅNDWERK
FOR EXTRAORDINARY CHEFS ONLY

*Håndwerk,
the new standard
in bar design*

NO ORDINARY BAR DESIGN

A Håndwerk bar is not just a piece of furniture. It's an architectural creation in stainless steel, designed from the ground up around workflow, durability and visual impact — built to hold up service after service, not just to look good on day one.

From sleek linear bars to striking round or oval showpieces, every project is designed entirely to measure, produced in our own workshops, and finished seamlessly on site, in close collaboration with your carpenter or interior designer.

No visible seams. No shortcuts.
Just craftsmanship you can put to work.

Our tap system can be supplied on its own or fully integrated into your existing bar — so upgrading doesn't mean starting from scratch.

WHERE STAINLESS STEEL BECOMES AN EXPERIENCE

At Håndwerk, we don't just build bars. We create destinations.
Places where people come together. Where stories unfold.

A Håndwerk bar combines pure aesthetics with professional performance.

Fully finished in stainless steel... or perfectly prepared to be further finished by your craftsman or interior designer.

Our stainless steel bar counters are fully custom-made and can be seamlessly integrated with:

- professional ice cube machines
- keg coolers
- bottle coolers
- wine coolers
- reverse osmosis dishwashers
- cocktail stations
- rinsing units

**THE BEAUTY OF
STAINLESS STEEL.**

**THE PERFECT
DRAFT.**

FLEXIDRAFT™

PERFECT DRAFT.

ZERO COMPROMISE.

Håndwerk is the **exclusive distributor in Belgium** of the revolutionary **FlexiDraft™** tap system with replaceable lines.

A completely new standard in serving, storage, and experiencing.

Thanks to the patented **One-Way Beer Line™**, every beverage stays perfectly fresh, without cleaning, without contamination, and without product loss.

UNIEK SYSTEEM: FLEXIDRAFT™

- No time-consuming cleaning
- No crystallization, beer slime, or flavor transfer
- Keg change in a snap
- Stays fresh for several months after connecting the keg
- Suitable for beer, wine, cocktails
- and signature drinks such as Aperol Spritz on tap
- Fits all standard keg connections
- Completely independent of brewery contracts

FREEDOM STARTS AT THE TAP.
CHOOSE WHAT YOU WANT TO SERVE.
WHENEVER YOU WANT.
TO WHOMEVER YOU WANT.

HÅNDWERK AIRBAR

Take perfect draft wherever the moment takes you.

The mobile Håndwerk Airbar brings the same perfect tap experience to:

- exclusive garden gatherings
- rooftop events
- corporate events
- showrooms
- private venues
- hospitality settings

100% mobile. 100% autonomous. 100% Håndwerk.
Fully customizable to match the branding of your company or business!
